

Uzimatele Ministries Newsletter Third Quarter 2026

14-09-2026

Uzimatele Ministries headline news

1. *Uzimatele Family Home.*
- 2 *Uzimatele Education Center*
- 3.*Uzimatele Scholarship program*

Dear Partners and Friends,

Welcome to our third-quarter newsletter! First and foremost, we thank God for the far we have come as a Ministry. Every day, Uzimatele Ministries works to transform lives across our core pillars: Uzimatele Family Home, Uzimatele Education Centre and Uzimatele Scholarship Program. This vital work has been possible and smooth courtesy of your faithful partnership. Thanks to your unwavering support. We give God glory for using you in this manner to enable Our programs continue to run seamlessly and bring hope to the children and youth we serve.

Here is a look at what your generosity has accomplished over the past three months by the grace of God:

1. **Uzimatele Family Home:** A Safer, Fresher Haven

Over the last quarter, the Family Home underwent essential renovations to prepare for our official operating license renewal. Thanks to your support, these upgrades have truly transformed the space into a warm, safe, and welcoming home where our children can thrive:

Freshly Tiled Flooring: Providing a durable, clean, and safe surface for daily activities.

Repainted Interior & Exterior Walls: Restoring brightness and warmth to the children's living spaces.

Your giving ensures our children have a dignified environment to call home as they grow and heal.

LATEST NEWS OVER
THE PAST THREE
MONTHS OF THE
FINAL QUARTER OF
THE YEAR 2026

Education is the key to success

2. Uzimatele Education Centre:

Academic Excellence in Gituamba

Uzimatele Education Centre continues to stand out as a center of quality education and hope within the Gituamba community.

National Exam Preparation: Our Grade 6 learners are working hard in their final preparation for the upcoming KPSEA national examinations, alongside our Grade 9 students who are gearing up for the KJSEA exams next term.

Dedicated Teaching: Our passionate teachers have thoroughly covered all curriculum learning areas, equipping every learner with the knowledge and confidence to achieve their best possible results.

Beyond their studies, most of our learners actively participate in and belong to Uzimatele Community Church family.

We are also excited to share highlights from our recent educational trip to the Nairobi National Museum at the end of term two.

Our learners had the wonderful privilege of exploring rich historical exhibits, expanding their knowledge beyond the classroom.

.Learners refreshing themselves at Nairobi National Museum

The educational trip was both a learning as well as a developmental benefit to the learners through; transforming classroom concepts into tangible experiences, allowing them to interact directly with historical artifacts. Secondly, enhancing social development and bonding through out of classroom experiences, team work, encouragement and positive social interactions among peers and their teachers.

3. Uzimatele Scholarship Program:

Equipping Scholars for Success

Our scholars have safely returned to their respective schools after a productive and uplifting holiday break:

Targeted Academic Support: School closure began with a comprehensive performance review to identify each student's unique needs, followed by an intensive two-week holiday tuition program.

Life Skills & Spiritual Mentorship: At the Uzimatele Community Church hall, Director Pastor George and guest facilitators led mentoring sessions focused on spiritual nourishment, character building, and practical life skills to help students navigate school and personal challenges.

Special Milestone: This holiday marked our very first program specifically tailored for Grade 10 scholars under the CBE curriculum.

Form 4 Candidates: Our KCSE candidates are entering their final exam season with high confidence, focus, and enthusiasm. Their determination to succeed reflects their heartfelt gratitude for the long journey of support you have provided.

Upcoming Events and Prayer items

1. Kpsea and Kjsea exams for grade 6 and 9 respectively
2. Form 4 for K.C.S.E examinations

We pray for our children as they gear up for the upcoming National exams for soberness, good health, discipline and good results

3. Family Home—building of second floor

This will create room for growth and enhance security because of the raised wall

Conclusion

May the grace and peace of God continue to guide, sustain, and flourish everything you set your hands to do.

Thank you for being an integral part of the Uzimatele family. Remain blessed, stay inspired and carry his peace with you.
